---

## Education

Tufts University - Medford, MA

BS in Computer Science, BS in Mathematics, *Summa Cum Laude*, 2017

GPA: 3.89

*Relevant Coursework:* Programming Languages, Machine Structure & Assembly Language Programming, Theory of Computing, Computer Vision, Artificial Intelligence, Data Structures, Algorithms, Android Development, Abstract Algebra, Linear Algebra, Real Analysis, Differential Equations, Discrete Mathematics, Probability, Data Mining

---

## Experience

IBM, Littleton, MA

Sept 2017 - Present

*Software Engineer*, Watson Customer Experience Analytics

- Worked on the backend of an omni-channel analytics SaaS product
- Developed product features in a Java codebase including query-building logic
- Spent extensive time working with the Apache Hive database

Redline Trading Solutions, Woburn, MA

Summer 2016

*Software Development Intern*, Software Quality Assurance

- Modified and rewrote some of the existing Python automated testing framework
- Developed tests for the product (a ticker plant for high frequency trading)
- Developed automation tools such as an application to run unit tests

Tufts University, Computer Science Department

Fall 2015

*Teacher's Assistant*, Introductory Computer Science

- Taught students proper coding techniques, graded homework and exams

Tufts University, Electrical & Computer Engineering Department

Spring - Summer 2015

*NSF REU Fellow*

- Developed and refined a new data model and algorithm for subspace clustering of multi-way data
- Implemented and tested the algorithm in Matlab using real datasets
- **Publication:** *Multilinear Subspace Clustering*, presented at 2016 IEEE Statistical Signal Processing

Draper Laboratory, Cambridge, MA

Summer 2014

*Undergraduate Research Intern*, Electro-Optics and Instruments group

- Constructed a Michelson interferometer on an optical bench to test it for use in an inertial measurement unit containing an accelerometer and gyroscope; wrote Matlab scripts to analyze interferometer data
- 

## Skills

**Programming Languages:** C, C++, Java, Python, Matlab, HTML, CSS, JavaScript

**Operating Systems:** Linux, Mac OS

---

## Activities & Achievements

Tufts Varsity Soccer, Captain 2016

- Honored as an All-NESCAC 1st Team member and NSCAA All-New England Team member in 2015
- Won the NCAA Division III National Championship in 2014 and in 2016

Tufts Wind Ensemble, 1st Chair Trumpet
